

CHECKERBOARDS

Source Mondial carries an impressive range of stock rugs which are largely grouped into collections. This is our fabulous Checkerboard Collection.

The Checkerboard Collection comprises our own Source Mondial designed, hand-knotted & hand-carved wool pixel rugs. Featuring “Times Square”, Coastal Breeze”, “Confetti”, “Water Lily”, “Sidewalk” and “Summer Lights”, these rugs offer a unique selection of colourways which will bring not only colour but interest, design and comfort to the floor and your home. These rugs have all been painstakingly mapped to achieve workable colourways, with our “Summer Lights” rug consisting of a remarkable 88 colours.

If you’re wanting a more subtle and organic look then our exclusive Hemp Checkerboards will entice. These stunning hand-knotted rugs feature muted colours which work harmoniously with interior settings.

Lastly, our Leather Checkerboards complete the Collection.

As is the case with almost all Source Mondial rugs, the rugs in the Checkerboard Collection can be fully customised in terms of colour, scale of design and overall dimensions.

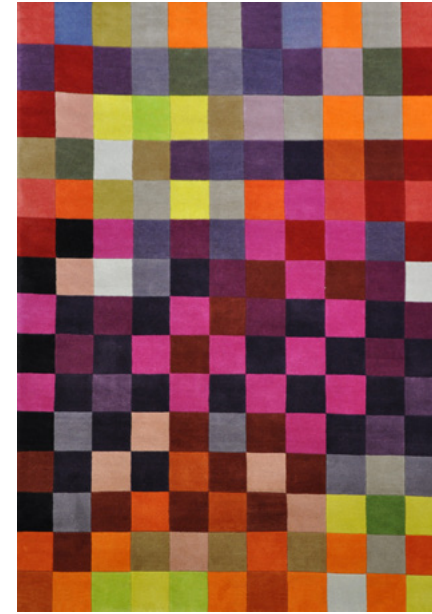

Whether it’s a simple black and white checkerboard, or an 88 colour statement piece, the team is on hand to assist with the perfect rug for you.
